Technical Data Sheet | DPU8-2

Drum and IBC Store | 8 x 205ltr Drums or 2 x 1000ltr IBCs

Backed by a 20-year structural guarantee, this durable unit features a pressed steel welded body for exceptional strength and a mild steel roof with lifting eyes for easy handling. The two smooth-glide sliding doors, constructed from mild steel, include a central lock and padlock points for secure access (padlocks not supplied).

The fully seam-welded mild steel sump is equipped with pallet support beams and complies with all UK regulations for sump capacities. Base plinths eliminate ground contact, reducing corrosion risks, and the unit is shot-blasted before painting to ensure a clean and keyed surface.

This model accommodates up to 8 x 205ltr drums or 2 x 1000ltr IBCs, supporting standard pallet sizes of 1200mm x 1200mm, 1200mm x 1000mm, and 1200mm x 800mm.

Product Specifications

External Dimensions (WxLxH)	1500 x 3000 x 2403mm
No. of Containers	16 x 205ltr or 2 x 1000ltr
Sump Capacity	1125ltr
Colour	Green RAL 6029
Tare Weight	1050kg
Access Aperture (WxH)	1371 x 1976mm

Product Features and Benefits

- Backed by a 20-year guarantee
- Fully meets UK sump capacity standards for safe chemical and liquid storage.
- Elevated design reduces exposure to ground moisture, extending the unit's lifespan.
- Fitted with a rod and lever locking mechanism and keyed handle for enhanced security.
- Provides exceptional strength and durability.
- Holds up to 8 x 205ltr drums or 2 x 1000ltr IBC.
- Supports various pallet sizes and configurations for flexible use.
- 3mm mild steel roof with lifting eyes for easy handling and transportation.
